Be a Colorado or Nationally Registered Emergency Medical Technician - Basic, Intermediate, or Paramedic.

Meet current physical requirements under National Fire Protection Association (NFPA) standards.

Ability to learn the operation of fire suppression and other emergency equipment.

Ability to learn and apply standard firefighting, emergency medical, hazardous materials mitigation, and fire prevention techniques.

Ability to perform strenuous or peak physical effort during emergency, training or station maintenance activities for prolonged periods of time under conditions of extreme heights, intense heat, cold or smoke.

Ability to act effectively in emergency and stressful situations.

Ability to follow verbal and written instructions.

Ability to communicate effectively orally and in writing.

Ability to establish effective working relationships with employees, other agencies, and the general public.

Working knowledge of driver safety.

TOOLS AND EQUIPMENT USED:

Emergency medical aid equipment, extrication equipment, fire apparatus, fire pumps, hoses, and other standard firefighting equipment, ladders, radio, pager, personal computer, phone.

PHYSICAL DEMANDS:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.

While performing the duties of this job, the employee is frequently required to stand; walk; use hands to finger, handle, or operate objects, tools, or controls; and reach with hands and arms. The employee is occasionally required to sit; climb or balance; stoop, kneel, crouch, or crawl; talk or hear; and taste or smell.

The employee must frequently lift and/or move up to 10 pounds and occasionally lift and/or move up to 100 pounds, and occasionally drag up to 200 pounds. Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception, and the ability to adjust focus.

WORK ENVIRONMENT:

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job.

While performing the duties of this job, the employee regularly works in outside weather conditions. The employee occasionally works near moving mechanical parts and in high,

precarious places and is occasionally exposed to wet and/or humid conditions, fumes or airborne particles, toxic or caustic chemicals, risk of electrical shock, and vibration.

Working knowledge of driver safety.

The noise level in the work environment is usually moderate, except during certain firefighting or emergency medical activities when noise levels may be loud.

TESTING REQUIREMENTS:

Will include written assignment, physical skills test, oral interview, medical examination, EMS oral and practical scenarios, and background verification and check.
